Dear Shaklee Family & Friends,

This morning I was sharing with Terry, husband and best friend, how very grateful I am for each of you. Thank you for being in our Shaklee Family & allowing me to serve you since 1980. From my family to yours we wish you a 2016 filled with new discoveries, good health and time spent with those you love. Most of our family were together for Thanksgiving and not one of us remembered to take pictures, so I bring you recent pictures from Hawaii (where Joel, Miki & Kai live) and Lake Arrowhead (where Thomas, Juno & Jasmine live) & Ryan & Trisha (Denver) but in Hawaii at the time.

There have been many changes since 1980. I believe there were only a couple of hundred vitamin companies then; thousands now. Dr. Shaklee formulated the first vitamin supplement in 1915 – Vitalized Minerals (today’s Liqui Lea). I am so grateful to have been able to raise my family on trusted, tested food supplements, safe personal care products, and the most effective, and economical 100 % biodegradable cleaning products. In this issue, I thought, ‘how can I help you in sharing with others?’ When we speak of ‘the Shaklee Difference’, what does that mean?

Also In this issue, we’ll hear from you, our readers, share a few of my favorite products with you and meet our first female president of Shaklee U.S. and Canada.

To your health and wellness,

Linda

Let’s look at a few examples of the 3 P’s of the Shaklee Difference: PURITY POTENCY PERFORMANCE. Please visit our website: www.flachassociates.com for much more.

And stay tuned, we’ll be updating our website this year. Or rather, Phil Woodring, who has helped me in the office for 15+ years will use his computer magic to improve our site.

- Top athletes have chosen Shaklee for two simple reasons: results & clean testing. See who these elite medal-awarded athletes are at www.flachassociates.com
- B Complex contains 100% of the full spectrum of B-vitamins. But how does Shaklee do this and keep it natural? Shaklee scientists discovered by feeding the yeast broth synthetic B’s, the yeast reproduce the natural themselves
- For our environment, Shaklee has quietly led the way for 50 years being the first company in the world to obtain climate neutral certification and totally offset its co2 emissions, resulting in a net zero impact on the environment. All the products break down within days to be gently reused by the soil and water. This is the reason Shaklee products are used on Cousteau vessels; chosen by Biosphere II & many, many more.

“I am so grateful for Shaklee nutrition. I have used Shaklee supplements since I was a teenager. I had an awesome Mom who was always looking for the best supplements for her family. When she found Shaklee supplements, she knew she need look no further.

That was a while ago! I am now in my 70’s and feel like I am in my 40’s. The majority of people my age are on 6-8 medications for cholesterol, blood pressure, diabetes, etc. I am on none!

Most people my age are sedentary. I walk 3-4 miles almost every day, I weight train with my trainer at the gym 3 days a week for an hour, and I practice yoga and take 2 yoga classes weekly.

One day at the gym, while doing arm pulls, my trainer said, “Wait, I want to take a picture of your back muscles!”

Exercise1 good diet of fresh veggies and fruits1 AND Shaklee products is the winning combination for awesome health all through my life.” - Suzanne Chaney

Nutrients for 2016

Add these to your Vita Lea and Protein or Vitalizer and Life Shake.

If you're not receiving our monthly e-news, please email linda@flachassociates.com.

The next one will be explaining why these four nutrients are so important for 2016.

CoQ Heart #22076 with Q-Trol

Omegaguard #22077 60 Softgels #22078 180 softgels

Nutriferon #20962 #89335 4 pack (save 10%)

Vita C #20095

“I thought I’d share my Herbal Blend Cream story from 1993:

When our one-year-old had an extreme case of diaper rash, I tried different ointments and creams and saw no results. The pediatric nurse said it was a yeast infection and to treat it with Monostat® cream. The next day, the diaper area was fire red with boils— more intense than the day before!

I had just been introduced to Shaklee and we fell in love with the mint-green Herbal Blend Cream. My 8-year-old daughter suggested that I try the ‘green grease’ on the diaper rash. I thought “Really?” The next morning the rash was completely gone! Herbal Blend Cream works on more than bug bites and dry elbows.”
