

Dear Friends,

I hope you have had a good and active summer. Terry's been riding; I've been growing a few things and still meeting the ever new challenges of growing food here and we've both been actively engaged in Orion's training. He's now a Canine Good Citizen and will be starting his Therapy Prep School later this year.

Ok... new items to share with you. Shaklee has just launched 2 new lines. I've been using the one for over a week now and cannot believe how soft & smooth my skin feels. Yes, it's called YOUTH and in clinical trials, 100% of women had significant results. It's a simple 4-step anti-aging regime.

The other is actually not a new line, but amazing improvements as well as new products to our Sports Nutrition products now simply called **Performance Fit Pack: Energize, Hydrate, Build & Repair, and Recover.**

Thank you for being in my Shaklee family and allowing me to share this with you.

To your health and happiness,  *Linda*

From our Readers

Gallbladder & Liver DTX "A good friend of mine had a very painful gallbladder attack and lack of function recently, and the doctor was talking about surgery to remove it. I got her on the **Liver DTX**, fruit, & lemon juice. She recovered the function of her gallbladder and will keep it." - Diane L.

Vivix & High Blood Pressure "I have high blood pressure that is controlled by a diuretic and beta blocker combination medication. Even with medication, my systolic ranges between 129-138 and my diastolic between 75-83, and my pulse would range anywhere from 80-91 (rarely dropping below 80).

After five days on **Vivix**, my blood pressure was 111/69 and pulse 59. The only thing different that I had been doing prior to this low reading was Vivix. I hope to eventually be able to come off all medications. I do supplement with magnesium and CoQ10 to counteract what my BP medication causes in nutrient deficiencies, but I'd rather not have that stuff going through my system.

I have not been on any other medications, nor changed my diet; my exercise level is still around 7500 steps a day and I do light resistance workouts with 5 lb weights.

Overall, I seem to have more energy and am better able to concentrate. I would recommend that you take **Vivix** in the morning, so you can get the benefit of MORE ENERGY throughout the day." - Genia P.

100% guaranteed to shift your skin to a younger age.

Unlike ordinary skin care, our advanced technology goes beyond addressing aging on the surface to target the cellular level of your skin. We do this using a patent-pending Youth Complex that activates a key

youth protein to regenerate cells to produce more collagen and elastin helping your skin act younger...so you can Look Younger Longer.

YOUTH is 100% vegan, cruelty-free, gluten free and is FREE OF more than 2,500 harmful chemicals and questionable ingredients, delivering Clinical Results Without Compromise.

The Skin Age Index
Clinically developed by world-class skin experts, the Skin Age Index measures the appearance of key signs of aging with factual clinical data.

- FACIAL WRINKLES
- PORE SIZE
- EVEN SKIN TONE
- FIRMNESS
- SKIN TEXTURE
- HYPERPIGMENTATION
- RADIANCE
- SAGGING

100%

of women were clinically proven to have younger-looking skin.

2/3

actually shifted their skin age into a younger decade.

"The other day my boys asked for Gatorade at the grocery store. When I read the label I noticed that in addition to all the junk ingredients it also had this statement: "partially produced with genetic engineering." I immediately put the bottle back on the shelf. This is another reason I choose Shaklee Performance for my whole family, nothing artificial, less sugar, and GMO-free! Plus it has been proven to hydrate faster than Gatorade or water alone. We love both flavors, orange and lemon-lime." – Suni Ferrer

**Products designed by Shaklee scientists and leading sports nutritionists
 to address the needs of every stage of physical activity.**
