

Dear Friends & Family,

Summer! It's here... what are your plans? You know I have a motto to 'Never, Ever, Ever Give Up'. Consequently, if I may, I'd to share with you just a few of the many challenges in growing food in this 'Mediterranean' climate. You'll notice the Garden House before pic and the Garden House growing pic. In a nutshell, beginning 12 years ago, we:

- Spent a year preparing the soil with coffee grounds from Starbucks, home-made compost etc.
- Built raised beds.
- Acidified the soil as the clay/sand mixture was still too alkaline.
- For 2 years enjoyed the bountiful vegetables....tomatoes, green beans, onions, peppers, greens, etc.

- Then... the gophers found the gardens... so we removed all the soil from 3 garden beds, laid turkey wire down and began the process of replacing the soil.

- Ahh... all good for 1 year.. then... the neighbor's Pepper tree that had been gorging itself on the rich-nutrients and moisture from our beds, became gargantuan in size and our beds dry as a bone!
- So... we removed all the soil again. This time Terry built cinderblock foundation on one and wooden foundation for the other bed.

- All went well for a year.. then... the rats ravaged over 95% of all veggies.

Enough was enough! Terry built me this Garden House you see and the hydroponic beds inside. It is an experiment. Now, I am adding Dolomite Lime to alkalize the rather acidic growing medium used in this type of bed. So...the acid loving plants, like tomatoes, are thriving. It is a work in progress, and the point is to NEVER EVER GIVE UP ON YOUR DREAMS.

That story was longer than I intended. I'd like to share with you just a few of my 'Summertime favorites' in the Shaklee product line, stories from you and, please, if you have questions, do email or call.

Wishing you a healthy, happy Summer!

"I wanted to tell you that I absolutely and am in love with the whole Youth line. I can't wait to try the eye treatment. I hope that the line has taken off and Shaklee never replaces it. Truly amazing!" - Kelly Kaufman

"I LOVE the new face wash. I'm a creature of old habits and at first I wasn't sure I would like it, but it is phenomenal!" - Ang Upright

7 DAYS TO "AMAZING"!

A 28 Day Clinical Trial Revealed this New Eye Treatment:

- * Reduces the appearance of puffiness and dark circles.
- * Helps smooth the eye contour and visibly firms and hydrates.
- * Contains a unique peptide blend shown in a clinical study to reduce the appearance of lines and wrinkles around the eyes, and crow's feet in as few as 7 days.

Here's my seven day before and after ... it's downright amazing! And the best news is it's a healthy product, it's not a pharmaceutical sold over the counter that causes increased sagging later on as in so many other skin products on the market! I can't believe I'm putting my bare eyes out there but I have to because it's such an amazing change! Cheri Gumley

Sometimes changes are so subtle you can hardly notice them unless you take a picture and put it next to the one taken just 7 days previous. Yes, in just 7 days after starting the Restoring Eye Treatment, my eyes changed this drastically. Amazing, isn't it? Marion Barreto

HURTING "JOINTS" G O N E !

If you are a golfer, cyclist, jogger, gardener, or just love to keep active ... reach for Shaklee Joint Health Complex. The specific form of Boswellia used in Joint Health Complex has been shown in a clinical study to improve joint comfort in as few as "5" days. What are people saying about Shaklee Joint Health Complex?

- "I am a chiropractor and have recommended a variety of brands of glucosamine supplements to my clients for joint health. I now recommend ONLY Shaklee Joint Health Complex, because my clients get the best results."
- "I am a runner and regularly experienced joint discomfort when I ran. I have felt significant improvement in my joint comfort."
- "I install floor covering for a living, and I'm on my knees all day. Joint Health Complex helped all my joints feel better ... knees, shoulders, hips and hands."
- "I am 65+ years old and all of my friends have had to dramatically reduce or stop their involvement in active sports. I am thankful for Joint Health Complex ... it continues to keep me going strong."
